

# FROM HOMELESSNESS

## THE PAINFUL PROBLEM

- Homeless people suffering with the most severe problems do not fit into many safety net programs
- Our community is perplexed about how to help
- Local businesses and residents are impacted

## HIGHEST NEED INDIVIDUALS

- Experience severe mental health disorders like schizophrenia, anxiety, depression, Post Traumatic Stress Disorder (PTSD)
- Suffer from physical problems like cancer, blindness, malnutrition, kidney disease, paralysis
- Many have alcohol and drug addictions which create barriers to getting help

## THINGS GET WORSE

- People rotating in and out of hospitals and jails
- No longer able to fend for themselves
- Can't qualify for programs that might help
- Visibly suffering on our streets, impacting our entire community

# TO HOUSING

## WE STEP IN

- Help one person at a time
- Advocate for proper diagnosis, treatment and medication management
- Locate permanent housing with healthcare services
- Fund rental deposits, furnishings, food
- End isolation with loving care

## ENTIRE COMMUNITY BENEFITS

- Humane treatment for those who are suffering
- Reduced costs for taxpayers
- Beneficial business environment
- Increased community pride

## SUCCESS FOR EACH PERSON

- No longer living on the streets
- Safe housing with appropriate care
- Better health with reduced hospitalizations and incarcerations
- Decent life as part of our community
